

Calculations for the RRCUS Rally Top 5 Ranking System

Points are earned as detailed below from the Master, Excellent (A or B), & Advanced (A or B) classes:

- Points Earned from an Individual Qualifying Score (Q) per Point Schedule:

AKC Qualifying Score	RRCUS Points—Master	RRCUS Points—Excellent A or B	RRCUS Points—Advanced A or B
100	10	5	2.5
99	9	4.5	2.25
98	8	4	2
97	7	3.5	1.75
95-96	6	3	1.5
91-94	5	2.5	1.25
86-90	4	2	1
81-85	3	1.5	0.75
76-80	2	1	0.5
70-75	1	0.5	0.25

o RRCUS Point Schedule has been adapted from the AKC RACH Point Schedule and expanded to include “A” classes and **all** Qualifying scores, 100-70.

o Class points are weighted according to the difficulty of the class (½ points for Excellent and ¼ points for Advanced, compared to equivalent score in Master)

o No limit to the number of Qs per class that will count toward ranking in a year.

o *NOTE: Qs in Excellent & Advanced classes from the AKC Rally Virtual Program will **not** be eligible to earn Points.*

- Points For Dogs Defeated

- o If a placement of 1st-4th is earned the dog will earn **0.25 points for each dog it has defeated** in the class (same value applies to all classes).

- Points For Multiple Qs at a single trial

Class	Points
Master	1.5
Excellent B	1
Advanced B	0.5

o If a dog earns more than one Q at the same trial (in any combination), points will apply to the Qs earned per the table at left.

NOTE: Due to AKC Rally Regulations, these Bonus Points would primarily apply to “B” classes, not “A” classes.
